Dear Chairman Genachowski:

I am writing on behalf of the citizens of Kentucky, more than 50,000 of whom will be impacted by the outcome of negotiations between Mediacom Communications Corporation and Sinclair Broadcasting Group over retransmission consent rights for a number of broadcast stations serving our state.

As you may be aware, failure to reach a related compromise in early 2007 resulted in Mediacom customers losing Sinclair's Lexington, KY based FOX station, WDKY; Nashville, TN based FOX, CW and MyNTV stations, WZTV, WNAB and WUXP; and Paducah, KY-Cape Girardeau, MO-Harrisburg, IL based FOX and MyNTV stations, KBSI and WDKA. During the four week impasse, some Kentucky residents were unable to view the network programming, sports, local news and weather reports carried by these stations.

I am hopeful the parties can come to agreement on their own accord. However, in the event the parties do not come to an agreement, I write to you today asking that the FCC do everything in its power to ensure that a disruption in service does not occur.

Thank you for your attention to this matter.

Sincerely,

Ed Whitfield

March 2, 2010

The Honorable Ed Whitfield
U.S. House of Representatives
2411 Rayburn House Office Building
Washington, D.C. 20515

Dear Congressman Whitfield:

Thank you for your letter concerning the retransmission negotiations, in particular the negotiations involving carriage of local broadcast television stations owned or operated by Sinclair Broadcast Group, Inc., on cable television systems operated by Mediacom Communications Corporation.

I welcomed the announcement on January 7, 2010, that Sinclair and Mediacom had reached a retransmission consent agreement governing the carriage of local broadcast television stations owned or operated by Sinclair. I have been informed that the one-year agreement authorizes the continued carriage of the signals of 22 television stations owned or operated by Sinclair in 15 television markets to more than 600,000 Mediacom subscribers. The agreement also provided that Mediacom would withdraw the retransmission consent complaint that it had filed with the Commission, which now has occurred. Most important, I was pleased that the parties chose to continue program carriage under interim agreements, and that consumers were not impacted as final negotiations were underway. Similarly, Time Warner Cable and Fox – also facing a year-end deadline – were able to conclude a retransmission consent agreement without any disruption of service to consumers.

Please be assured that the Commission will continue to monitor issues related to retransmission consent negotiations between broadcasters and MVPDs, and remains prepared to implement the Communications Act and its good faith rules when a broadcaster or MVPD files a retransmission consent complaint.

I appreciate the opportunity to learn of your concerns about this important matter. If I can be of further assistance, please do not hesitate to contact me.

Sincerely,
